

10 QUESTIONS TO ASK YOUR CONSTRUCTION PARTNER

1. Will there be “change orders” or additional costs to the Master Planning fee?
2. How many revisions will be created as part of the Master Planning fee?
3. What type of building is your facility?
4. Who “owns” the architectural drawings?
5. How can we be ensured of the most competitive costs?
6. Have you designed and/or built projects similar to my building type before?
7. How long have you been in business?
8. Are the general contractor and subcontractors insured?
9. How is my organization protected from accidents around the construction site?
10. How do you resolve warranty issues?

Horst’s Design-Build services reduces the burden of a construction project for clients, replacing it with a well-functioning, highly experienced team of construction professionals.

The first step to a Design-Build project is 100% free. Call for your consultation.
